Dr. John D. Lubahn  
Program Director  
Department Chairman  
Department of Orthopaedics  
Hamot Hospital  
201 State Street  
Erie, PA 16507

Dear Dr. Lubahn:

In response to your letter dated July 23, 2003 and received in my mailbox August 15, 2003, I would like to thank you for calling my attention to the inaccurate operative report dictated June 30, 2003. I have made an addendum to that report, correcting the inaccuracies. I appreciate your constructive remarks and have reviewed the x-rays. If you would like to further review them with me please contact me at a time convenient for you. As always I welcome feedback and feel that in the remaining three years as an orthopaedic resident will continue to improve with education and experience. Again, thank you for help.

Sincerely,

Lisa A. Brown, MD
